

Park City / Deer Valley

February 8 - 15, 2025

Join Huntsville Ski Club for a fun filled week in Park City, located just 35 miles east of Salt Lake City. Combined, Park City Mountain and the Deer Valley Resort are home to over 9,326 acres of skiable terrain and more than 400 trails, with the largest lift access in the US. You can ski right into historic downtown Park City, an enjoy remnants of the area's mining history scattered all across the mountain in a single day.

While Park City, UT is known for the 2002 Winter Olympics and Sundance Film Festival, it also has an epic restaurant and bar scene—to include the world's first ski-in gastro pub and Utah's first legal distillery since the 1870s. Coupled with a dramatic mining history and a plethora of art galleries, even non-skiers will have plenty to see and do in Park City.

Our hotel, the Park City Peaks Hotel, has a newly renovated modern mountain resort-style; conveniently located to all Park City has to offer—just 8 minutes from Deer Valley Resort, 4 minutes from Park City Mountain & Canyon Villages, and 5 minutes from historic downtown Main Street. For hotel amenities visit: [Park City Peaks Hotel](#)
